

A detailed photograph of various bar accessories. In the foreground, there are several stainless steel cocktail shakers of different sizes, a large metal strainer, and a smaller perforated strainer. A clear glass with a diamond pattern holds several long-handled bar tools, including a spoon and a stirrer. Other items like a copper mug and a glass are also visible. The background is a blurred bar with numerous bottles of alcohol and warm, ambient lighting.

ACRYLIC & POLYCARBONATE

- Hand washing is recommended for our plastic drinking glasses and other drinkware items to retain their luster and quality.
- Acrylic drinking glasses and Polycarbonate drinkware items are dishwasher safe.
- Please still consult your dishwasher user's guide for a lower heat cycle to prevent damage.

MULE MUGS AND CUPS AND OTHER PLATED ITEMS

- Hand washing is recommended for all our plated items and drinkware.
- To keep them in the best possible condition, we do not recommend any type of metal polish.

GLASSWARE

- Our glass range is dishwasher safe.
- Handwashing is recommended whenever possible.
- Please still consult your dishwasher user's guide for the correct setting.
